BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe! Angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of childbirth can be entirely avoided by the use of **Mother's Friend**, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain.

Sold at \$1.00 per bottle by druggists. Our book of priceless value to all women sent free. Address **BRADFIELD REGULATOR CO., Atlanta, Ga.**

MOTHER'S FRIEND

THEATRICAL NOTES

Madame Butterfly Coming.

J. P. Payne, business manager for the Savage Opera company, was in Paducah yesterday arranging for the appearance of the Madame Butterfly company in Paducah the third week in January. He has been out five months ahead of his company, and it is only the larger cities that the big production plays. He left last night for the south.

Constance Crawley.

In speaking of the engagement of Constance Crawley, who appears at the Kentucky tonight, Mr. Frank C. Payne, general business manager of Henry W. Savage's English Grand Opera company in "Madam Butterfly," states that Miss Crawley's tour of the south has been an artistic and success. Mr. Payne says that Captain W. W. Williams, dramatic editor of the New Orleans Times-Democrat, and the dean of Southern critics, was more than enthusiastic about Miss Crawley and that her work in New Orleans had been in the nature of a revelation. Captain Williams considered her interpretation of Ibsen's wonderful drama, superior to Mrs. Fiske's presentation and no higher compliment could be paid to an actress than this favorable comparison. Mr. Payne further stated that Miss Crawley had supported Ben Greet, one of the world's best known Shakespearean interpreters, and that she was a woman of unquestioned dramatic ability and genius and that Paducah theatergoers who were interested in the more advanced drama would certainly derive great pleasure from her presentation of Hedda Gabler.

Mr. Payne is five months in advance of the Savage production of Madam Butterfly, the premiere masterpiece that will be presented in Paducah the third week in January. His present tour is only a flying trip through the south investigating conditions in cities where this beautiful opera will be produced and to learn whether the opera is desired and will receive the support it deserves. Signing contracts, Mr. Payne expressed himself as pleased with the out-

look in Paducah and assured the local management that Mr. Savage's celebrated Japanese production would certainly be produced here the third week in January—only a few minor changes behind the drop curtain are required, stated Mr. Payne, but it will be necessary to remove three or four rows of chairs to make room for the big 50 piece orchestra carried by this greatest of all musical organizations.

Another High Authority.

James O'Donnell Bennett, of the Chicago Record-Herald, the highest priced theatrical critic in the United States, says of Constance Crawley: "of poetic declamation, her facial expression subdued, but ever eloquent and an air of spirituality about her acting as indefinable as it was persuasive."

Some Inspiring Scenes.

To see a full line of battleships ploughing the deep at full speed inspires admiration. It thrills the spectator. This is the sensation produced in every spectator of Lyman H. Howe's superb moving pictures of a naval attack to be seen at the Kentucky theater Friday, September 20. Another feature, the mighty Victoria Falls in Africa inspires every spectator by their beauty, and still another inspiration—the inspiration of good fellowship—is imparted by the splendid reproduction of the Elk's parade in Philadelphia. The gala decorations of the city shown in this series are an artistic triumph and they form the background of one of the most unique parades of modern times. The Court of Honor is shown teeming with good natured thousands making of it a Garden of Life. It is a picture of rare animation. For these scenes were photographed directly in front of the city hall and within a few feet of Mayor Reyburn when officially reviewing the parade. Another feature of the program shows 1,000 Coolies making the world's record in railroad construction by laying one mile of the Cape to Cairo railroad in 60 minutes. The various processes of diamond mining—blasting, washing, cutting, etc., will also be shown.

Eating is one expensive habit everybody seems to have.

GROVER CLEVELAND REPORTED DYING

End of Ex-President Expected in Few Weeks.

Has Suffered With Gout for Many Years But Lately Has Had Attacks of Acute Indigestion.

ONLY LIVING EX-PRESIDENT.

New York, Sept. 16.—Grover Cleveland, former president of the United States, is said to be dying in a well-authenticated report which reached this city last night. It is declared on high authority that the distinguished Democratic leader, and the first man of his party to be placed at the head of the national government since the Civil war, may live a few weeks longer, but that he will never recover from the malady which attacked him some time since.

For many years Mr. Cleveland has been a sufferer from gout, and although has undergone much pain, the disease has never been regarded as serious by his attending physicians. Within the last few weeks, the poison has not only spread from his feet to his knees, but recently he has been attacked by acute indigestion and internal affections. The combination of these attacks is expected to be too much for the constitution of the sufferer.

For some time Mrs. Cleveland has remained at the side of her husband and has been most constant in her care of him. Little news of the ex-president's condition has been given to the public and no communications have been allowed to reach him, his wife attending to all of his affairs.

Mr. Cleveland is now one of the most noted characters in American life today, not only through the prestige attained by his occupancy of the White House, but also because his striking personality and mental powers have impressed themselves on the country ever since he left the presidency. When he left the presidential chair it was only to be transferred to a professorship in Princeton university, which post he has held with distinguished honor to the college and himself.

During the recent insurance upheaval Mr. Cleveland was chosen to be chairman of the board of trustees of the Equitable Life company, when Thomas F. Ryan purchased the stock of the younger Hyde. It was Mr. Cleveland's efficient direction of the company's affairs which averted an impending calamity in the insurance world.

GENERAL ROBERT E. LEE Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly cures all pains. It is within the reach of all. E. H. Painter, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent Liniment for Rheumatic pains. I am never without it." Sold by J. H. Ochelschlaeger, Lang Bros. and C. O. Ripley.

CURED TO STAY CURED.

How a Paducah Citizen Found Complete Freedom from Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Paducah people testify. Here's one case of it: Mrs. George Romann, 2333 Meyers street, Paducah, Ky., says: "I have been a sufferer for a long time from a general complication of kidney troubles. I was bothered with an aching back and lameness in my shoulders and never without a pain of some sort even for a single day. I used a great deal of medicine but never got anything that pleased and relieved me so much as Doan's Kidney Pills which I procured at DuBois & Co.'s drug store after learning how they had helped me and they certainly did for I now feel as well as I ever did. They are also easy to take and seem to cure without giving any ill effects." (From statement given in 1900.)

A Permanent Cure. On Feb. 18 Mrs. Romann said: "I made a statement for publication several years ago telling of the great benefit I had received from the use of Doan's Kidney Pills. Now after a lapse of seven years I am glad to say that I have not had an attack since, so I have every reason to believe they effected a permanent cure."

Umpire Assaulted. St. Louis, Sept. 16.—During the second game between the Detroit and St. Louis teams of the American league this afternoon Umpire Evans was struck on the head by a pop bottle, thrown by a spectator and was painfully injured, but it is expected that he will be out again in a few days. The thrower of the bottle, a lad of 17 years, declares he had no intention of hitting the umpire, is under arrest. A large crowd expressed their strong disfavor of the act, but the speedy arrival of the police prevented trouble.

WILL SPEAK AT CONVENTION

T. V. Powderly to Attend Paducah Conference.

Chief of Information Bureau of Immigration Tells Plans for Conduct of His Division.

LOUISVILLE WILL BE VISITED.

Washington, Sept. 16.—T. V. Powderly, chief of the division of information, bureau of immigration, has accepted the invitation of Secretary D. W. Coons to attend the convention of the Kentucky Immigration and Good Roads association in Paducah on September 26. Mr. Powderly will deliver an address to the convention upon the future work of the division of which he is the head.

Mr. Powderly's idea is to gather information which will show the good points in land, climate, transportation facilities and adaptability for different kinds of crops, with the prices of these lands. Terms of purchase, names of owners and such other data as may be of benefit to the arriving alien.

"We also will obtain information," said Mr. Powderly, "as to the exact places where men may find employment, wages, hours of service, house rents and everything pertaining thereto. We want this information so specific as to detail that we may be able from time to time to tell the newly admitted just where he can find employment and a home."

Mr. Powderly said this information would pertain particularly to the south, from which the greatest demand for immigrants is now coming. The information is first to be given in bulletin form to the officers of the service at ports of entry. Later, however, it will be posted in the centers of all the large cities for the guidance of those out of employment.

"In the southern states there are thousands of acres waiting for men out of employment, and my idea is to make the information division the missing link between the two, thus introducing idle hands to the fertile lands," said Mr. Powderly. On his return from Paducah Mr. Powderly will stop in Louisville and confer with A. E. Quarles, secretary of the Employers' association, and J.

E. Merrick, of the Louisville Federation of Labor.

Disagrees With Burnett. A recent interview in the Courier-Journal with Representative Burnett, of Alabama, who is a member of the congressional immigration committee is taken exception to by Commissioner of Immigration-Sargeant, who claims that undesirable immigrants do not come from particular localities. Mr. Burnett having specified Southern Italy, Sicily and Asia Minor.

"I do not believe it is true that undesirable immigrants come wholly from one country," said Mr. Sargeant today. "We do not want people from other countries who are criminal. Any one grants that. Neither do we want people that, because of any political belief, believe in letting as much blood as they can, and we do not want people who are shiftless or diseased and who have no ambition to become good citizens. But these classes do not come from any particular society, and it is because we must have labor that we are compelled to put up with a certain per-cent. of bad timber. Industrial prosperity in this country is directly reflected in Europe and there has been an immense amount of labor needed in the United States. Italians, Sicilians and all others who are honest, we want to own homes of their own and till the soil, give their children that which they had not, education, and who wish to become good citizens, should be given every opportunity to come into the country, no matter what their race

may be, but the others should be excluded."

Mr. Sargeant's annual report will shortly be made public and will show that the number of aliens admitted last year will reach 1,400,000, two hundred thousand more than the year preceding.

THE PASSION PLAY

LIFE OF CHRIST

All Week Commencing

MONDAY, SEPT. 16

And Holy City Song, at

KOZY ELECTRIC THEATRE

A wonderful and magnificent production of a touching drama on the Life of Christ. A cast including Christ, His Disciples, Pilate, King Herod and all ancient characters implicated, with 500 Roman Soldiers and Civilians.

Illustrating the Life of Our Savior from Birth to the Ascension

as played at the last presentation in Ober Ammergau, Bayaria, reproduced by means of soul-stirring pictures. This play is now produced but once in ten years, and is the sole survivor of those Mystic Plays, or Religious Dramas, which were in full vogue during the Middle Ages in

GERMANY, FRANCE, ITALY, SPAIN AND ENGLAND

It costs hundreds of thousands of dollars to produce the play, and people go from all over the world to see it.

Everybody may see this wonderful production, which will be shown at the Kozy theater at a small cost.

Song, "Holy City," Will Be a Moving Picture Song

Something never before seen in Paducah. Special singers and music for this grand and glorious occasion. Owing to enormous cost of producing these two great subjects which is about 3,700 feet long and showing them all at each and every performance, the admission will be:

Children under 12 Years, 10c. Adults, 20c.

Open From 10 a. m. to 11 p. m.

All Week

Ladies and children should try to attend day performances and avoid big crowds at night. The entire clergy are cordially invited as guests of the Kozy theater during the entire week.

This picture is direct from Paris and has never been on a machine, thereby insuring the people of Paducah the very finest production possible.

-let us deliver to your home a Buck's stove on approval

—a white enameled oven which insures clean, wholesome food

—good health is largely dependent upon clean food—clean food cannot be prepared in a dirty oven.

—a sanitary oven is even a greater necessity than a sanitary refrigerator—for during the process of baking chemical changes render contamination doubly easy.

—why take great care in the preparation of a fine cake, for instance—then bake it in an oven, the seams and joints of which are filled with contaminating filth?

—Buck's white enamel is not a paint—but a white glass enamel—burned into the pores of the iron—and is practically everlasting.

—Buck's ovens are absolutely clean—a reason why you should own one.

—here is the greatest stove offer ever made to the buying public of this city.

—through special arrangements with the Buck's Stove and Range Company we are enabled to deliver to any home in this city or vicinity, a Buck's range, cook stove, hard coal or hot, blast heater for a thorough approval test.

—if the stove does not perform all of its functions properly—does not do all we say it will do, we will cheerfully remove it and refund any payment that may have been made on the same.

—and we will give you our written guarantee that we will do just as we say we will do.

—this once-in-a-lifetime-offer is based on our faith in these wonderful stoves—you cannot afford to miss it.

—take advantage of it today, as the offer stands good but for a short time.

—this duplex grate will reduce your fuel expenses

—the first cost of a Buck's range is but a small part of the final cost—the range is so long-lived that it eats up many times its original price in fuel.

—a very small saving of fuel each day, means a tremendous saving during the lifetime of the stove—a saving of many times the original cost.

—this duplex grate saves fuel—for it admits oxygen to the burning fuel in such quantities that all its heating power is exhausted and used.

—and further—this grate may be changed—in an instant—so as to burn either wood or coal—and it may be easily removed for cleaning or repairs—and without disturbing the water back.

—this is just one of many reasons why you should own a Buck's.

—one dollar a week pays for any Buck's stove or range selected from our stock—and sent to your home for free and thorough test.

—the most liberal credit and the most courteous treatment extended to all.

UPBUILD STEAMBOAT TRAFFIC.

Federal officers are watching with

much interest the plan being tried in

Alabama for the upbuilding of the

steamboat traffic of that state. It

seems the Alabama Railway Commis-

sioner, under a recent state act, has

taken control of the traffic with a

view to developing it. It is made a

part of the fight on the railroads by

a state administration to the end

that freight rates may be kept down through the development of river commerce. It is a noteworthy fact that Alabama has adopted the view of the National Rivers and Harbors Congress that the development of water transportation will do more to regulate freight rates than all the legislation that can be devised. This organization is planning for its annual convention to be held in Washington prior to the convening of the Sixtieth Congress in December. Captain J. F. Ellison, secretary and treasurer of the association, is expected there within the next few days to perfect the arrangements. He is also putting forth strenuous efforts to increase the membership of the National Rivers and Harbors Congress to the end that the convention may carry all the more weight in bringing the problem of waterway development to the attention of the national legislators and the federal government. The organization has contended that the country should expend not less than \$50,000,000 a year on this special work of improvement.

Gov. J. C. W. Beckham, Ruby Laf-foon and John B. Chenault have finished their tour of the mountain counties, ending with speeches Saturday at Somerset.

It is announced at Butte, Mont., that the mines of the Amalgamated Copper company will not be closed. Development and exploitation, however will be stopped for the present, and production will be curtailed until it falls to about 8,000,000 pounds a month. The present output is about 20,000,000 pounds monthly.

GOOD ATTENDANCE

At Services at Paducah Churches on Sunday.

Although yesterday was quite warm the churches were all well attended, even the evening services having larger congregations than is usual on hot nights. The pastors of the city have all returned from their summer vacation, although some of the churches have not begun their night service as yet.

At Grace Episcopal church the Sunday school was reorganized for the winter.

The Senior Epworth League of the Broadway Methodist church met last evening for reorganization. There have been no services during the summer.

Miss Caroline Ham was the soloist last night at the Broadway Methodist church.

PRINTER DIES.

Walter White Succumbs To Heart Disease at Hospital.

Walter White, 36 years old, a printer, died in Riverside hospital Saturday afternoon at 4 o'clock of heart trouble, after a several days' confinement. He came here several weeks ago and the last work done was on a local newspaper in the composing room. He was not a machine operator, but a "case man", and had been in this city several times. He lived at Florence, S. C., and leaves relatives there. His body was turned over to Guy Nance & Son, embalmers, and is being held pending word from relatives. The deceased was a member in good standing of the Typographical union, and the union took charge of his body.

RECOMMENDED TO MERCY.

South Carolina Woman Convicted of Murder of Husband.

Columbus, S. C., Sept. 16.—Mrs. Ethel W. Blair, charged with the murder of her husband, M. W. Blair, a conductor on the Columbia, Newberry & Lawrence railroad, in January last, was today convicted of manslaughter, with a recommendation to mercy. Sentence was postponed until tomorrow. The crime for which Mrs. Blair has been convicted is punishable by from two to thirty years in the penitentiary.

Mrs. Blair on hearing the verdict, fainted and had to be lifted from the court room.

PROMINENT MAYFIELD MAN DEAD; RELATIVES HERE.

Mayfield, Ky., Sept. 16. (Special.)—Mr. Lee Wright, one of Mayfield's most prominent business men, died suddenly today of heart trouble. Mr. Wright was a brother of Mr. Joe B. Wright, the tobaccoist, of Paducah. Mr. Will Wright, assistant cashier of the First National bank, of Paducah, is a nephew.

GLASSCOTT'S STRING WILL BE AT SHOW

Prominent Elizabethtown, Ky. Horseman Enters Stock.

Has Captured First Prizes in Shows Throughout Central Portion of Kentucky.

GROUNDS IN FINE SHAPE.

R. B. Glasscott, of Elizabethtown, Ky., a winner of more prizes in horse shows through Central Kentucky than any other single stock owner, has entered his horses in Paducah's horse show and fall races, and will be a prominent contender for all prizes in principal events.

Mr. Glasscott owns several saddle and race horses, and for several seasons has been capturing first prizes in all horse shows through Central Kentucky. He will enter his entire string. The applications filled, with all preliminaries arranged, reached promoters of the horse show and races this morning.

Cost of Grounds.

"The cost to put the fair grounds in condition amounts to more than \$1,200 already," declared Mr. George Goodman, of the matinee club. "We started in by whitewashing the grand stand and stables, fences, etc., and found many repairs to make. The building of a fence around the course and the costs of many new benches also swelled the bill. I believe it will cost nearly \$2,000 before we have placed the grounds in perfect condition."

ODD FELLOWS GATHER.

St. Paul En Fete in Honor of Her Visitors.

St. Paul, Minn., Sept. 16.—The visiting members of the Independent Order of Odd Fellows, who are in St. Paul to attend the eighty-third annual convention of the sovereign grand lodge, which opens tomorrow, attended special services at People's church Sunday morning, where the pastor, Rev. Samuel G. Smith, preached. In his sermon he emphasized the benefits to be derived from fraternal association.

It is estimated that only about 1,000 out of town members of the order had arrived today, but several thousand are expected tomorrow. The maximum attendance will probably be reached Wednesday, when the annual parade will take place. Fifteen thousand are expected to be in line.

The formal opening of the sovereign grand lodge will take place tomorrow morning at Central Presbyterian church, which is opposite the old state capitol, where the business sessions will be held. Gov. John A. Johnson will deliver an address of welcome on behalf of Minnesota.

WORK REWARDED

CARPENTERS' ORGANIZER GIVES FINE GOLD WATCH.

Building Trades Alliance Organization Postponed Until Friday Night.

At a special meeting of the Carpenters' union Saturday night a handsome gold watch was presented to J. W. Adams, state organizer, whose excellent work here went far towards breaking the strike and effecting a victory for union carpenters. The presentation speech was made by Mr. Joseph Desberger.

No formation of a building trades alliance was effected Saturday, due to the absence of a full delegation from bricklayers. Delegates will meet again Friday to effect permanent organization.

The Paducah Builders' association will be reorganized Wednesday. For the past year little has been done by builders as a body, but since the settlement of all differences with carpenters reorganization was decided on.

Day of Miracles Not Past.

Applications of water from the shrine of the Virgin of Lourdes, France, is said to be curing four-year-old Wilfred Regan, 270 East Thirty-fourth street, Brooklyn, who hospital doctors declared to be hopelessly crippled. Six weeks ago the golden-haired boy lost the power of his lower right limb. Infantile paralysis might have set in, although the faculty of feeling remained. The child's mother brought him to a hospital in Manhattan, but the doctors said the case was beyond them. She then took the little fellow to the Church of St. Jean the Baptist, in Sixty-seventh street, Manhattan, and had the relic of St. Anne applied to the limbs. She also applied to the child's leg a bandage of the League of the Sacred Heart and a medal of St. Benedict.

Finally, about three weeks ago she took the boy to the Church of Our Lady of Lourdes in Brooklyn, where in is a shrine dedicated to the Virgin which has become famous for a number of cures effected through its medium. Mrs. Regan got a bottle of Lourdes water, applied the relic to the child and brought him home. Since then she has been applying the water. The date of his first visit to the shrine marked the first manifestation of improvement, in the child's condition. He has regained to some extent the use of his limb, and is now able to stand up on his two feet for a short space of time.—New York Sun.

Tea vs. Ale.

Dr. Davy, of Exeter, president of the British Medical association, speaking of a breakfast given by the National Temperance League, said his only hesitation in attending was due to the fact that so many temperance advocates talked the most unscientific twaddle that ever was invented. Tea drinking was producing in large towns the worst form of physical deterioration, he declared. He put in a plea for light beer as a temperance drink. Though he never recommended alcohol to a patient, he affirmed that a meal of bread and cheese and light ale made a far more scientific meal than bread and jam and tea. English people, he said, drank too much, not only of alcohol, but of all sorts of things.—New York Tribune.

PADUCAH NEGRO

KILLED IN SPRINGFIELD, ILL., YESTERDAY.

Henry Majors Killed By a Woman—Body Will Be Shipped Here For Burial.

Henry Majors, a Paducah negro, was killed in Springfield, Ill., yesterday, and furnished work for local police in discovering relatives. The telegram received here announcing the killing was brief, simply saying that Majors had been killed by a woman and to locate relatives as to what disposition to make of the body. Night patrolmen found relatives residing on the north side, and the body will doubtless be shipped here for burial. Majors had been away from Paducah some time, and formerly ran on the railroad here.

WOMAN MOONSHINER LET GO.

Petition to President Secures Pardon and Remittance of \$1,000 Fine.

Lexington, Ky., Sept. 16.—Through President Roosevelt's executive clemency Mrs. Adaline Rose, one of the most notorious moonshiners in the mountains of southeastern Kentucky, now a federal prisoner in the county jail at London, Laurel county, will be released next Tuesday. She will then return to her home in the mountains of Jackson county, where for over 17 years, according to her own story, she has been actively and successfully engaged with a thoroughly organized gang of moonshiners in making and selling whisky in open violation of the law.

Mrs. Rose was convicted at London, Laurel county, on May 15, 1907, and sentenced to six months in jail.

SOUND LOGIC.

August and September are two months when one has to be very careful about every condition that makes for good, or bad health. The system is usually beginning to feel the strain of the hot summer months and the different organs need but very little to throw them into complete disorder and result in probably a fatal illness.

Good health is assured however if you heed nature's gentle warnings, and are in any measure discreet.

The usual summer disorders—malaria, general worn-out, and run down, conditions, biliousness, stomach and bowel disorders of all kinds, chronic or acute headaches yield readily, and very quickly, to the Osteopathic treatment, and have no attending ill effects. Usually you are as ill from the customary medical prescriptions as from the illness, but, in Osteopathy you experience none of this. Let me tell you at any time of the great success I am having with the treatment in Paducah. I shall refer you to people you know well for the evidence, and who will tell you just what it has done for them.

with a fine of \$1,000. Through the efforts of former Congressman Geo. M. Dayson, assistant district attorney for the eastern district of Kentucky, a petition was carried to President Roosevelt asking a pardon for Mrs. Rose upon the ground that her family of children, the oldest being 17, was without means of support.

After the president had considered the petition he pardoned the woman and wiped out the fine.

CRITICISES PROHIBITION.

Kansas Judge Refuses Application for Rehearing Saloon Cases.

Leavenworth, Kas., Sept. 16.—In refusing the application yesterday of Attorney-General Jackson for a rehearing of the saloon cases decided a week ago, Judge Gilpatrick of the circuit court severely criticized the prohibition law. He referred to the law as "hostile and venomous to persons who do not agree with it."

Last week Judge Gilpatrick ordered the sheriff to return to the owners the valuable fixtures of 100 saloons seized by that official. The state had failed to present evidence that the saloon men had sold liquor.

THROWN FROM HORSE.

Member of Prominent Washington Family Killed in Cemetery.

Washington, Sept. 16.—C. Berry Winship, 21 years old, a member of

a prominent family of this city, was almost instantly killed in Rock Creek park today by being thrown from his horse which shied at an object in the road. One foot of the rider was held fast in the stirrup and he was dragged for some distance and kicked to death.

The young man had just come into a large inheritance.

Engagement Announced of Mr. Webb and Miss McAllister, of Wisconsin.

The Herald-Leader, Menominee, Mich., of September 13, makes the following announcement of special interest to Paducah people:

"At a charming social function yesterday afternoon the engagement of Miss Katherine Eva McAllister, of Marinette, to Mr. William Webb, of Paducah, Ky., was formally announced. The receiving room of the McAllister home was prettily decorated, the color motive being pink and green, large Daybreak astors being used profusely. A five course tea was served at 5 o'clock, the dining room being artistically decorated in the same prevailing colors in the receiving room. The table at which the bride-to-be presided was most artistic, the center piece being a large cut glass bowl of the pink astors. Dainty streamers of pink ribbon were suspended from the chandeliers and caught at the four corners of the table. The plate cards were red heart-shaped cards in water colors. The guests were members of the Players club and the Alfred Tennyson club. Miss McAllister is the daughter of Mr. and Mrs. D. J. McAllister and one of the most charming young society women of Marinette. She is a graduate of the Marinette high school and Milwaukee Downer college. The groom-to-be is a young business man in Kentucky."

Mr. Webb is one of the prominent young men of Paducah and belongs to one of its leading families. He is the son of Captain and Mrs. John L. Webb and is president of the Webb-Phillips company, a successful wholesale hosiery and general commission house of this city. He is the traveling representative of his firm and his cleverness, affability and fine business judgment have made him as popular commercially as he is socially both at home and abroad. Mr. Webb is in Paducah today and is receiving the congratulations of his host of friends. Miss McAllister is delightfully remembered here by many who met her when she was a member of a week-end house party at the Palmer House, of which Mr. Webb was the host. She is charming and attractive and will be a decided addition to Paducah social life. The date of the wedding has not been set but it will take place in the early winter.

UNFORTUNATE YOUTH CARRIED TO SANITARIUM

Bordering on an attack or deadly tetanus, homeless, and with but 75 cents in cash, Clarence Gaines, 9 years old, was found on the haymarket this morning by Humane Officer Judge R. T. Lightfoot and ordered to the county sanitarium until a suitable home can be found for him. His story is a sad one.

The boy is a son of William Gaines, of near Finley and Sixth streets, a carpenter by trade. The boy was driven from home, it is alleged several times, and lived first with one family and then another. He finally was taken to Illinois by a farmer and today after being driven away by the Illinois farmer, came to Paducah on the ferryboat. Some kind farmer gave him 75 cents. He was suffering from a vicious sore on the foot, caused by stepping on a rusty nail. The wound is being attended to at the county sanitarium.

The boy is a brother of George Gaines, who is now in the state reformatory for housebreaking.

Good Show at Kentucky Tonight.

Although the coming of Constance Crawley in Hedda Gabler at the Kentucky tonight has not been extensively advertised on account of the advertising matter failing to reach here in time, the event is one that theatergoers should not overlook. Miss Crawley is an actress of much ability and those who attend the Kentucky tonight will be well pleased with her and the entire company.

Strike Compromised.

New Orleans, La., Sept. 16.—The levee labor crisis has been passed, the longshoremen today adopting the form of agreement for three years, framed by the conference of commercial bodies. The agreement is in the nature of a compromise, giving both the ship agents and longshoremen some of their demands. The conference committee will endeavor to settle the differences with the screwmen. The latter are at work, however, pending a settlement of the troubles.

Restaurants Reap Harvest.

The restaurants and cafes have done a tremendous business today, and regular customers have had difficulty in getting served. It is due to the great crowd in the city to see the circus. All lines of retail trade have been lively, and merchants report one of the best days of the year.

Stag Musical Drill.

The three cups, the prizes for the first, second and third best gentlemen riders in the Musical Drill, will be on view at Wolf's jewelry store. The next practice drill will be Tuesday evening at 7:30 sharp at the Wallace ball park.

DR. J. Y. YORIS.

PATROLMAN POWERLESS TO DISPELL HOODOO

Patrolman Aaron Hurley was yesterday called upon to dispel a hoodoo which she alleges her enemies have placed about her and her property. Patrolman Hurley responded but was unable to do anything for the aged negress, leaving her in the same dire dread of a hoodoo as he found her.

The woman owns property, and the recent storm tore several shingles off her house, and caused trees to be partly uprooted. She imagined it the result of a hoodoo which negroes, against whom she had lodged complaint, had brought to bear against her.

"I found a cross mark in the dirt at her front door with salt about it," declared Patrolman Hurley. "At the back door she had performed the same trick and around each tree she had drawn a circle and placed salt in them. She had spat in the crosses and circles to further ward off the hoodoo."

SHOTS FIRED AT FLEEING BURGLAR

Awakened at 2:30 o'clock this morning by a noise at the window, William Vasseur, of Ashbrook avenue in Mechanicsburg, realized that burglars were attempting entrance into the house, and grabbing up his pistol ran to the back door. He saw a form running for the back fence, and raising the weapon began to pump lead at the fleeing prowler. He was not successful in striking his mark, and with one bound the fence was cleared and the burglar disappeared.

Vasseur and his wife were spending the night with Mrs. George Bryant, Mrs. Vasseur's sister, Mr. Bryant being out of the city. The burglar had torn away part of the screen window when the noise awakened the sleepers. Vasseur being undressed was unable to follow and failed to get a clear view of the man. He does not know if he was a white man or negro.

Mr. William Eades went to Greenville this morning on business.

MISS JULIE FLORENCE WALSH

WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance.

How many women do you know who are perfectly well and strong? The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, flatulency, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a serious operation is the inevitable result. The best remedy for all these symptoms is

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Miss J. F. Walsh, of 825 W. 36th St., New York City, writes:—"Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female illness which caused dreadful headaches, dizziness, and dull pains in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, Inflammation and Ulceration, and organic diseases. It is invaluable in preparing for child-birth and during the Change of Life. It cures Nervous Prostration, Headache, General Debility, and invigorates the whole system.

FARMER'S WIFE

HOLDS UP CREW OF TRAIN WITH SHOTGUN.

Caught Them Red-Handed Robbing Her Watermelon Patch—Compels Them to Pay.

Granite City, Ill., Sept. 16.—No watermelon patch in Illinois has a greater reputation in the markets than that of John Schrupe. But although he raised many luscious melons this season the Schrupe family hogs have failed to indicate a profit commensurate with the size of the yield. Mrs. Schrupe decided to solve the riddle and this morning she took her knitting out behind the corn crib where she had a good view of the melon patch.

Beside her rested a shotgun filled with shells she had loaded herself—

thrifty soul—from odds and ends of hardware she had found in the kitchen catch-all. The Illinois Central and Clover Leaf tracks pass the Schrupe farm and Mrs. Schrupe's theory had a vague basis in this fact. As she knitted a Clover Leaf freight switched to the side track and the entire crew—engineer, fireman, conductor and two brakemen—sneaked into the melon patch.

With her shotgun cocked Mrs. Schrupe executed a flank movement and placed herself between the men and the train. Then she brought the gun to her shoulder and walked in upon the red feast.

"Fifty cents each, please," she said. The trainmen tried to compromise on a quarter each, but when the woman squinted along the two big gun barrels and said: "Fifty cents or this," they sheepishly made up a purse of \$2.50 and were allowed to get over the fence.

WILLSON'S STAND ON TEMPERANCE

Wins Approval From Large Audiences.

People Readily Recognize Absurdity of Governor's Position in Working for County Unit Bill.

APPEALS TO THE YOUNG MEN.

Mt. Sterling, Ky., Sept. 16.—"The Democratic machine primary of 1906 has the parable of the loaves and fishes discounted," declared Augustus E. Willson, the Republican nominee for governor Saturday afternoon before a large outpouring of Montgomery county citizens after he had compared the manner in which his nomination came to him with that of Mr. Hager, whose, he said, was stained with the fraud and shame of dishonesty while his own was white and unspotted.

"I'd rather never hold an office," he declared, "than to hold it when its inception was a birth of scandal and disgrace."

He challenged a denial of the crime and theft which defeated McCrory and Hays, the choice of the Democratic party, in favor of Beckham and Hager, and again told of the story of Peter, Frozen, Quicksand and Troublesome, some names which are now inseparably associated with those outrages in the minds of the self-respecting element of the Democratic party.

It was an interesting picture that Mr. Willson drew of Messrs. Beckham, Hager, Hines and Haly, as a quartette of temperance apostles.

Saw Its Absurdity.

His audience was obliged to recognize the absurdity of the governor's position in working to defeat the county unit bill; that of Mr. Hager, who had sold his \$3,500 check in his possession; that of Campaign Manager Hines on his mission to Bowling Green to defeat the local option interest; and that of Mr. Haly in his famous letter to Judge Lasing with their latter day repentance as the time for the machine primary drew near.

The humor of the situation was so apparent that even the large number of old-time Democrats, who had come to listen to Mr. Willson, were obliged to relax their interest in order to reveal in the full appreciation of the moment.

"Really what are we coming to in Kentucky," asked Mr. Willson, "when serious and earnest thinking men question for a moment which side of the political house advocates real honest and many temperance?" Then in his usual straightforward and manly way he explained just how the Republican party stood on this important issue, and it was doubtful if any of his audience was unconvinced when he had finished.

His Temperance Platform.

"I stand upon the Republican platform on the temperance issue which favors a general county unit law," he said, "and on that platform I accepted my nomination. To the fulfillment of the principles of that platform I am pledged in letter and spirit and honor. All my days I have striven sincerely and faithfully for temperance, and I have practiced what I preached. I am most seriously and unrelentingly opposed to intemperance."

"I believe unrelentingly in the rule of the majority of country, of state, of county, of city, of precinct. I was born of a good old-fashioned Baptist family, who believed in true temperance, and I have been reared to be a true temperate man."

Cannot Fool the People.

"I do not believe that the people of Kentucky can be fooled by any pretense that the Republican platform is weak on the subject, or that I have been dodging or straddling either in my preaching or my practice, and I deprecate the utter lack of candor, not to use stronger language, which is shown in the statements which I have quoted from the Democratic nominees, and in the further statement of Mr. Hager at West Liberty last Saturday, that all I said at Maysville on the subject was the passage about the Maysville editor scattering broken glass in the path for my bare feet when I came back to Maysville as a child returning to his birthplace."

Mr. Willson arrived here over night from Owensville, and all the morning at the National Hotel, where he stopped, throngs of citizens called upon him to pledge him their support, and wish him success in his fight for honest government.

Confident of Success.

To all he expressed his confidence over the result of the coming election, and repeated his statements that the people of Kentucky were now aroused as they never had been before, and were preparing to wipe

the state machine out of existence with a single blow.

An audience which completely filled the court room of the large Montgomery county court house, greeted Mr. Willson and Dr. Ben L. Bruner, the Republican nominee for secretary of state, in the afternoon. Mr. Willson spoke first, after he had been introduced by Ben W. Hall, postmaster at this place. Among other things he pointed out that the election laws of the state had been changed to protect the bribery of voters.

"The general statutes of 1873 had this provision in the bribery statute: 'But the jury shall never convict any one under the provisions of this chapter upon the testimony of a single witness, unless sustained by strong corroborating circumstances.'"

"This was repealed by the statute of 1886, so that from 1886 to 1892 one witness, if believed, would convict a briber, and during that time many were convicted of bribery at elections and fined and deprived of the right to vote."

That Changes It.

"A friend writes me that he saw four men fined and disfranchised at Mt. Sterling on one man's testimony, and that they complained very bitterly that they were Democrats who never scratched a ticket. This proved the undoing of the law, and in 1892 the repealed clause was put back into our election law and is now part of Sec. 1594, Kentucky's statutes, and since that change no conviction has been possible for bribery and many other offenses against election crimes under that statute."

"The registration certificate statute was made a law by a Democratic legislature for the manifest purpose of fraud in elections by getting from ignorant voters their certificates to prevent the voter from voting, and in thousands of cases, especially in Louisville, to vote some repeater in place of the man to whom the certificate was issued."

Mr. Willson told his audience how, during his four weeks' campaign of eastern Kentucky, thousands of clear-eyed, simple and honest-hearted Kentuckians had come to him and expressed an earnest desire for a change in the administration of the affairs of the state, who believed that the Republican nominee stood for a square deal for the common people as exemplified by President Roosevelt, and who would vote their convictions on election day.

Revolution Is Coming.

"There is no mistaking the public sentiment," he said, "and the revolution which means the annihilation of the state machine is upon us."

He then made his earnest, unselfish appeal for conditions that will bring back the honor of Kentucky and prosperity and happiness for its people. Dr. Bruner was introduced by Mr. Willson as "The baby of the Republican state ticket."

"But he is a lusty baby," he added, "and is fighting vigorously for his rights and those of the people."

Dr. Bruner made an extremely clear-cut and forceful exposition of the stand which he and his associates had taken in the fight for honest government. With ringing eloquence he exploited the double dealing and chicanery of the Frankfort ring in vital state issues, and he was listened to with the most earnest attention and interest.

Whisky Barrel Explodes.

An experimental farmer touched a match to the bung hole of an empty whisky barrel on South Second street Saturday afternoon and in a twinkling of the eye the head of the barrel was sent skyward broken into twenty pieces. The farmer's cap was knocked off his head by flying bits of the wood, and the explosion attracted hundreds to the scene.

JAIL PRISONER IN DUEL ON STREET

Jimmie Taylor and Boyd Manuel Both Wounded.

Young White Man in Company With Deputy Jailor Says Negro Insulted Him.

USED DEPUTY JAILOR'S PISTOL.

Jimmie Taylor, a county jail prisoner, and Boyd Manuel, a negro, were wounded in a pistol duel at Ninth and Washington streets Sunday morning shortly after 12 o'clock. Stories conflict, and the shooting was witnessed by only a few, and being in the dark, it is hard to get at details.

Taylor has but a few months yet to serve, and desired a pair of trousers. Turnkey Murray (Bud) Howle, accompanied him to the city to buy them, and arriving at the jail on returning became hungry. They went to the negro restaurant at Ninth and Washington streets and when coming out Manuel was standing on the pavement. Words were exchanged and several shots followed quickly. When the smoke cleared Manuel was injured in the left arm at the elbow and Taylor in the right thigh. Neither wound is considered dangerous.

Manuel claims that he stood on the outside of the restaurant when Taylor came out, and that Taylor remarked he thought he would hit some negro in the mouth. Manuel warned him against an attack, and claims Taylor struck him, and he in turn knocked Taylor down. Manuel stated that Howle handed the pistol to Taylor who began shooting.

Taylor claims that Manuel insulted him and that words and blows followed, the negro pulling a gun and shooting. Taylor pulled Howle's pistol from his pocket, the latter being in his shirt sleeves, and returned the fire.

Manuel surrendered at the police station where his wound was dressed, and Taylor returned to the jail where his wound was given attention.

SIX BANDITS TERRORIZZ TOWN.

Loot Bank at Their Leisure After Intimidating Citizens.

Aberdeen, S. D., Sept. 16.—Bandits raided the town of Ferny, this county, late Saturday night, broke into the First State bank, wrecked the safe and got away with \$2,000. The robbery is one of the boldest in this section of the country. At least six men were in the gang, who, finding three men in a blacksmithshop, warned them not to move and then visited three or four houses where lights were burning and commanded the occupants to extinguish the lights and remain indoors. The bandits worked nearly two hours before making their escape with their booty. No clew has been obtained. This is the fourth bank robbery in this vicinity in the last few weeks.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has a gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness, and arrangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of each of its ingredients—worth more than any number of opinions from non-professional authorities. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will cure present trouble, taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. E. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

BIG TOBACCO BARN

DESTROYED BY FIRE.

Hopkinsville, Ky., Sept. 13.—A large tobacco barn on the farm of Ellis & Adcock, near this city, was totally destroyed by fire, together with all of its contents. About 14,900 pounds of tobacco were in the barn, and the loss is about \$2,500. The blaze originated from fires by which the tobacco was being cured.

"Of course we want to see the decorations," cried Katherine, with enthusiasm, and so bowing to the captain and Mrs. Kempf, the lieutenant led the young women down the deck until he came to an elevated spot out of the way of all possible promenaders, on which had been placed in a somewhat secluded position, yet commanding a splendid view of the throng, a settee with just room for two that had been taken from some one's cabin. A blue-jacket stood guard over it, but at a nod from the lieutenant he disappeared.

"Hello!" cried Katherine. "Reserved seats, eh? How different from a theater."

"I don't know," said the lieutenant, "but surely you're going to dance?"

Dorothy shook her head. "Some other time. Not tonight. There are too many people here. I shouldn't enjoy it, and—there are other reasons. This is all so new and strange to me—these brilliant men and beautiful women, the lights, the music, everything—it is as if I had stepped into another world, something I had read about or perhaps dreamed about and never expected to see."

"Why, you dear girl, I'm not going to dance either, then?"

"Oh, yes, you will, Katherine; you must."

"I couldn't be so selfish as to leave you here all alone."

"It isn't selfish at all, Katherine. I shall enjoy myself completely here. I don't really wish to talk to any one, but simply to enjoy my dream, with just a little fear at the bottom of my heart that I shall suddenly wake up, rubbing my eyes, in the sewing room."

Katherine plucked her.

"Now are you awake?"

Dorothy smiled, still dreaming. "Hello!" cried Katherine, with renewed animation. "They've got the secretary safe aboard the lugger, and they seem to be clearing the decks for action. Here is my dear lieutenant returning; tall even among tall men. Look at him. He's in a great hurry, yet so polite and doesn't want to bump against anybody. And now, Dorothy, don't you be afraid. I shall prove a perfect model of diffidence. You will be proud of me when you learn with what timidity I pronounce prunes and prism. I think I must languish a little at him. I don't know quite how it's done, but in old English novels the girls always languished, and perhaps an Englishman expects a little languishment in his. I wonder if he comes of a noble family. If he doesn't, I don't think I'll languish very much. Still what matters the pomp of pageantry and pride of race—isn't that the way the poem runs? I love our dear little lieutenant for himself alone, and I think I will have just one dance with him at least."

Drummond had captured a camp stool somewhere, and this he placed at right angles to the settee, so that he might face the two girls and yet not interrupt their view. The sailor-guard once more faded away, and the band now struck up the music of the dance.

"Well," cried Drummond cheerfully, "I've got everything settled. I've received the secretary of the navy, our captain is to dance with his wife, and the secretary is Lady Angela's partner. There they go."

For a few minutes the young people watched the dance, then the lieutenant said:

"Ladies, I am disappointed that you have not complimented our electrical display."

"I am sure it's very nice indeed and most ingenious," declared Dorothy, speaking for the first time that evening to the officer, but Katherine, whose little foot was tapping the deck to the dance music, tossed her head and declared nonchalantly that it was all very well as a British effort at illumination but she begged the young man to remember that America was the home of electricity.

"Where would you have been if it were not for Edison?"

"I suppose," said the lieutenant cheerfully, "that we should have been where Moses was when the candle went out—in the desert."

BURIED CITY

WONDERFUL ART, UNCOVERED IN ANCIENT PAESTUM.

Find Streets Below Earth—Italy's Store of Treasures Increasing By Discoveries.

Rome, Sept. 16.—The most uncomfortable position in all Italy must be that of Prof. Rava, minister of public instruction, as not only must money which he does not possess be put out for the preservation of innumerable art treasures of all kinds, but they are increasing on his hands daily through the excavations continually going on. Last spring the Roman forum and the palatine held public interest, which has now turned towards ancient Paestum, where three of the most beautiful Greek temples in the world stand.

Up to this time the presence of the entire city of Paestum has been only dimly suspected. Nothing has been done towards the excavations, partly because of the exceedingly unhealthy, malarial conditions there. These through modern medical science have been much moderated, and it is quite possible to excavate without danger to the health of old workmen.

Ancient City Found.

Until the work was begun it was always supposed that the temples were all that remained, but Prof. Spinazzola is convinced that under the ground would be found the city and he has proved himself right.

He began by finding a few meters below the surface a perfect street thirty feet wide and well paved, showing, as do those of Pompeii, the ruts worn by the heavy chariot wheels used in ancient times. These ran past the temples called Basilica and Geres. At the back of the temple Basilica he found a terrace belonging to it, and on the opposite side a grandiose semicircle and three steps, forming a magnificent entrance. No one can have an idea, without seeing it, of the grandeur which this gives to the already almost perfect temple.

Besides these, Prof. Spinazzola has unearthed a vast number of objects of stone, bronze, and iron of great interest as illustrating the customs of those times—knives, daggers, buckles, rings, chains, brooches, utensils, etc.

Ancient Greek Tower.

The ancient Greek tower which rises on the banks of the River Salto not far from the excavations, has been given by the owner to the state for a museum. It being particularly appropriate, as of course everything which comes to light in the excavations of Paestum is Greek.

In Rome another precious Greek statue has been found, particularly interesting as it is pronounced to be original, while most of the celebrated statues here are antique copies of the original masters. "The new statue represents a market woman with chickens and fruit. The arms are missing and the face is damaged, but otherwise it is perfect. As it was found in Via Monte Caprino, it probably was a guide post pointing the direction to the market, which was near Monte Caprino, at one side of the Tarpeian rock."

BANK CASHIER KILLS ROBBER.

Redmon (Ill.) Victim Is Shot From Window, But Is Not Known.

Terre Haute, Ind., Sept. 13.—Early this morning E. O. Snoddy, cashier of a private bank, at Redmon, Edgar County, Ill., who slept upstairs over the bank, was aroused by the electrical alarm in the bank. From the window he saw three men at the door, and began firing with his revolver at them. Two men ran away. The third was found dead with two bullet wounds in the top of his head. There was nothing on his person to identify him. He was about 30 years of age, and was tattooed from head to foot.

YOUTHFUL ELOPERS

MARRIED IN AUTO.

Miss Ermine Van Cleve and T. Mack Russell Elude Parents.

Hopkinsville, Ky., Sept. 16.—With an automobile as an altar and the blue sky as a canopy, Miss Ermine Van Cleve, the beautiful daughter of J. J. Van Cleve, a wealthy Christian county farmer, and T. Mack Russell, a prominent young Todd county citizen, were married Saturday afternoon between this city and Gracey.

The bride's mother objected to the marriage on account of the young lady's age, and the lovers decided to take matters into their own hands. Miss Van Cleve, who was visiting her brother in Cadiz, started toward Hopkinsville in a buggy with George Minns, of Trenton, and Mr. Russell, and the Rev. A. P. Lyon, of the Methodist church, left here in an automobile. The parties met a short distance east of Gracey, where the marriage ceremony was performed. Mr. and Mrs. Russell came to Hopkinsville, and left here for Louisville, where they will remain a few days, and then go to the bridegroom's farm, near Trenton, to reside.

AN OUNCE OF PREVENTION

Is worth a pound of cure. There are many poor sufferers, consumptives who are hopeless of getting well—who if they had taken care of themselves, they would now be well. A cough is the foundation of Consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S., Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by J. H. Gehlischhaeger, Lang Bros. and C. O. Ripley.

CROP CONDITIONS ARE FAVORABLE

Notwithstanding Unfavorable
Spring Says Commissioner.

Fall Plowing Progressing Nicely and
Indications Are That Large
Wheat Crops Will be Sown.

LABOR SCARCE; WAGES HIGH.

Notwithstanding a very late and unfavorable spring, under favorable weather during the month of August, crops are maturing rapidly, and while they are late, unless we have early frosts, the prospects are excellent for a good crop of corn and tobacco. Threshing of all grain is about completed. The yield of wheat was small, averaging ten bushels to the acre for the state, the quality being good.

The prospect for a crop of corn is 88 per cent, and the condition of this crop is 91 per cent. Fall plowing has progressed nicely in most sections, and the indications are that the usual average of wheat will be sown.

Some tobacco has been cut and on sticks, but the most of it is still growing, and late plantings are still in danger of early frosts. Meadows have yielded an average crop of hay and it has been saved as a rule in good condition. Pastures have been good and all livestock is in fine shape. Hogs are reported scarce and high in some sections. Labor scarce and wages high all over the state.

First Division of the State.

Crittenden County—The past month has been seasonable for the growth of corn and the prospects for the late planting is good, while the early planting is not so good. The weather has favored breaking ground, for wheat and much of this work has been done. Pastures are excellent. Stock of all kinds in good condition. Potatoes that have been dug are yielding well and good quality.

Ballard County—August has been ideal for corn, tobacco and other crops, and unless overtaken by early

frosts will make full crops. Pea crop is fine, but three weeks late. Farmers plowing for wheat, but average will be somewhat less than last year. Horses and mules high. Hogs reported dying in some sections. Pastures good and cattle fat. None selling at present. Labor scarce and high.

Hickman County—Corn looking well and prospects good for a full crop if not injured by early frosts. Tobacco growing well, but late, and very wormy. Wheat acreage will be short this year. Labor very scarce and high. Stock in fine condition. Hogs plentiful but small. Feeders are paying 6 cents for hogs.

McCracken County—August has not been as favorable for crops as was July. Rains have been local and in most of the county, only light showers. Crops have not suffered much so far, but will unless there is a general rain soon. Possibly some corn, the late plantings, has been damaged materially. The same is true of tobacco. Ground is very dry and little plowing for wheat has been done so far. Corn and tobacco crops generally are from two to three weeks late. Stock of all kinds in fairly good condition. Hogs scarce and good price. Labor scarce and wages high.

Health in the Canal Zone.
The high wages paid make it a mighty temptation to our young artists to join the force of skilled workmen needed to construct the Panama canal. Many are restrained, however, by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarial influence with Electric Bitters on hand. Cures blood poison, too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by all druggists. 50c.

SIXTH TRIAL AT SUICIDE FAILS.

Pittsburger Attempts Vainly to End
Life in Cell by Hanging.

Pittsburg, Sept. 16.—The sixth attempt of George Protzman to end his life failed today. Protzman, who was locked up on a minor charge, was found hanging to the bars of the cell by his suspenders. He was hurried to the hospital, where it was discovered his windpipe had been injured, preventing him from breathing. The physicians rushed him to the operating room and cut his throat, inserting a silver tube in his windpipe. Protzman will recover.

WILSON-ATKINSON.

Former Paducah Lady Married in
St. Louis.

News of the marriage of Mrs. Chloe Wilson, formerly of Paducah, to Mr. J. R. Atkinson, of St. Louis, in St. Louis on August 29, reached Paducah yesterday with the arrival of Mrs. Joe Wilson, a daughter-in-law. Mrs. Chloe Wilson is the mother of Messrs. Mendall and Joe Wilson, and formerly resided on Clark near Fourth street. Several years ago she left Paducah to reside with her son in St. Louis. Her husband is a nurseryman and a man well known and popular among a large circle of friends in St. Louis.

SHE FOUND RELIEF

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Praiseworthy where you wish." Sold by J. H. Oelschlaeger, Lang Bros. and C. O. Ripley.

THE BIG CIRCUS IS HERE TODAY

And So Are the People to See
the Show.

Rich and Poor, Young and Old Jostle
Together in Good Natured Man-
ner on the Streets.

SPLENDID PARADE WAS GIVEN.

Paducah is a center of high string, nervous excitement today. There are hundreds of visitors here to see the big circus, and from early morning farmers trailed into Paducah with their families in gay attire seated on wagons. Trains brought hundreds to the city, and much traffic was in evidence on boats.

The great Wallace & Harkback circuses arrived from Herrin, Ill., via Cairo Sunday morning at 4 o'clock. There were hundreds to see the show unloading, and local Illinois Central yard men were complimented for their good work in placing the cars. No delay in getting the show delivered to the circus grounds back of the railroad shops was occasioned. The show arrived in three sections, a total of 44 cars. Wagons and stock were unloaded at all cross streets on the railroad from Clay to Broadway.

Elephants Brought Into Play.

On Monroe street the big cook wagon got mired in a sewer mound which had not settled to a sufficient hardness to bear the weight of the heavy wagon. Eight horses were harnessed to the wagon but could not move it. Securing two elephants, the big beasts were placed in the rear and with one shove moved the wagon out of the hole.

Said the trainer: "I could have relieved the wagon with one elephant, but it makes them mad to overwork them, and we cannot do anything with them for weeks when they get mad."

A Paducah Snake Charmer.

Miss Grace Van Dorn, a Paducah girl, is a snake charmer, and met many old acquaintances in Paducah yesterday. She formerly lived at 1111 Jackson street, her father being an Illinois Central engineer. She moved from Paducah 19 years ago to Henderson where her father was killed in a wreck. Damages were gotten in a compromise and she moved to St. Louis. Through an accident she discovered her power over reptiles and is conceded to be the best snake handler on the road.

Schools Dismiss.

This morning at 10:15 o'clock all city schools were dismissed for the morning in order that school children might witness the parade. The big tent in the rear of Washington school created much interest for the pupils in school and teachers have had a hard time keeping the usual good order today.

A coincidence of the visit of the big circus to Paducah is in dates. Four years ago the circus showed on the same day in the same month.

The Parade.

The street parade given at noon was a splendid one and was over a mile in length. An innovation over the usual circus parade was that the large number of animal cages were open and many rare animals could be seen. A striking feature of the show and parade was the splendid condition of the animals and stock. All the animals in the cages and the horses baying the appearance of having been well cared for.

The stage of the river here has shown no change in the past five days, this morning it again registering 7.1.

The wharf was crowded with freight today and business yesterday and this morning was very lively. The Saltillo, in from St. Louis Sunday morning, in one item discharged 350 barrels and 1,600 sacks of flour for J. R. Smith & Son, and the Joe Fowler also discharged quite a lot of freight. The Saltillo left at 2 yesterday afternoon for the Tennessee river. She had every stateroom full of excursionists. This is probably the last excursion party she will have this season.

The Dick Fowler cleared for Cairo promptly at 8 o'clock this morning with a good Monday trip.

The Joe Fowler was the Evansville packet today.

The circus is a good stimulus for packet business. Today the Bettie Owen, the Cowling and the Royal had full passenger trips.

The Egan has a barge on the bar at Cottonwood bar, and went up this morning to try to get it off.

Led Patmore, second engineer of the Joe Fowler, was introducing his friends at the wharf to Mrs. Patmore this morning. He was married to a young lady in the county last night, and shipped on the Fowler this morning.

The Clyde is due out of the Tennessee tonight.

Captain W. R. Hunter, of the Ryman line, with headquarters at Nashville, was in the city today.

Captain H. G. Grainger, of South Sixth street, has been appointed superintendent of floating stock of the West Kentucky Coal company with headquarters at Paducah.

GROWERS ORGANIZE.

J. L. Yarbrow, of Florence Station, Was Elected President.

J. L. Yarbrow, of Florence Station, was elected chairman, and John McKeage, of Rossington, secretary of the Dark Tobacco Growers' association of McCracken county Saturday afternoon. Yarbrow is, by virtue of his office, a member of the executive board, and will meet with other county chairmen shortly to arrange a schedule of prices for next season's tobacco.

COSTIGAN WINS.

Nominated By Democrats for Mayor
of Newport.

Newport, Ky., Sept. 16.—Democrats of Newport nominated their city ticket today, and Michael J. Costigan will head the list for mayor, he defeating William A. Elmer by 426 votes in the primary. The total number cast for the majority was 2,077, about 400 more than was ever polled before. Costigan carried every ward and 16 out of 21 precincts. Blaine McLaughlin had the largest majority in the city attorney's race, where there was no opposition. He carried everyone of the 21 precincts, getting a majority of 516.

Arthur Llewellyn, for city treasurer, against Henry Schleiter, took second place, with 594 votes over his opponent.

RAILROAD NOTES

A car of logs was derailed at the Tennessee street crossing of the local Illinois Central Memphis' lead this morning. It required some time to replace the car. Fortunately the accident occurred just off the street and did not blockade vehicle traffic.

Today the Illinois Central pay car arrived and all employees of the road were paid off. Many laid off on account of the pay car's arrival, while others laid off to attend the circus, and the shops were conspicuous for the few men on duty today.

Mr. C. F. Akers, the air man in the local Illinois Central shops, is out on duty after a short illness.

Mr. J. C. Martin, foreman of the local Illinois Central car painting shops, returned yesterday with his wife from St. Paul, Minn., where he attended the annual convention of master car and locomotive painters of America and Canada. He enjoyed the trip very much and was greatly benefited in health, having just recovered from an operation. During his absence, Mr. Harry Savage acted as foreman of the paint shops.

J. A. James, the well known Illinois Central carman, is on duty again after a five weeks' lay off, the result of a carbuncle on his hip.

J. J. Kennedy, an Illinois Central machinist, late of Louisville, resigned today and will go to Panama.

R. E. Fulmer, master mechanic of the local Illinois Central, has not received an answer to his resignation, and no word as to who will succeed him has been received yet.

Mr. R. S. Barrick, of Louisville, returned home this morning after a business trip to Paducah. He was formerly yardmaster for the Illinois Central here.

BANDITS FIGHT
OVER PLUNDER.

Leader of Band of Outlaws That Has
Terrorized Mexico, Killed.

El Paso, Tex., Sept. 16.—In a quarrel over the division of some money of which they had robbed a mining camp, Fedorro Lopez, leader of a gang of Mexican Outlaws, who for years has terrorized the state, of Sonora, and committed murderous acts, many of which were credited to the Yaqui Indians, was shot and killed at the bandits' stronghold on the upper Yaqui river, in Sonora. The extermination of the gang by the Mexican authorities will now be only a matter of a short time.

Crazy With Homesickness.
Belfontaine, Ohio, Sept. 16.—Charles Connor, who served with the army in the Philippines, is being sent home a raving maniac, due to homesickness. The war department has notified his mother, Mrs. Sarah Connor, that he has been in a Manila asylum since May.

Converting Raw Labor Into Skilled Artisans Duty Confronting South.

(By L. V. Armentrout.)

Mt. Vernon, O., Sept. 16.—Up here in the land of tasseled corn, interurban railroads and national politics, there is one eternal question that fits in snugly between congressional campaigns and harvest time, a question that has passed through the comic stage, the acute domestic stage, and has brought the people to supine resignation in industrial bondage or the only alternative—flat life. Servants are not to be had.

The very rich, perhaps, have their servants—or their servants have them—for the most part imported. Neither love nor money avails the housewife of ordinary means. Probably most women in a pinch might go along well enough with her housework, but after hunting in vain until the clean clothes press is almost empty, to be driven to the necessity of doing her own ironing, or relying entirely on the laundry for the dainty linen, turns a woman's eyes with unwonted tenderness to the southland, where service may be uncertain sometimes in quality but always bounteous in quantity.

The same condition prevails in the field of masculine labor, and there is no hope of relief in sight, except the always to be dreaded panic, in which event, of course, the people now crying for help couldn't afford it however cheap. Besides the imported foreign help engaged in the construc-

tion of traction lines and street work, a force of negroes from Baltimore is to be seen here.

This situation impresses me more forcibly than ever with the truth of an observation in The Sun several months ago, that while other sections of the country are crying for help the south actually has labor going to waste. It is an advantage the south does not more than half appreciate. There is the duty before the south of converting this raw labor into skilled artisans, the duty of training and making efficient a vast industrial army of potential wealth producers.

The political and social status of races in the south is well established. We can afford to let it rest there. Too much time is wasted in the discussion of social questions on which all are agreed. The problem before the south is economic. While the north is wrestling with domestic issues and hampered by lack of help, the south should direct its efforts toward developing higher, and ever higher efficiency in her natural labor, and the subject should be studied scientifically. How much at fault is the laborer and why is he deficient? How much at fault is the industrial system and the employers? Labor conditions and the laborer have changed in 40 years. How much have the system and methods been changed to meet new conditions?

NOTED JUDGE

WHO ORGANIZED JUVENILE RE-
FORM COMING TO PADUCAH.

Judge Willis Brown, of Salt Lake
City, Utah, Will Lecture
Free of Charge.

Judge Willis Brown, of Salt Lake City, Utah, has been secured to deliver a lecture in Paducah Tuesday night on juvenile reform. The Woman's club was instrumental in bringing him here, and he will doubtless be greeted by a large audience.

Judge Brown originated the juvenile court in Salt Lake City, and since then it has been taken up all over the country with success, states taking up the matter and passing laws creating such courts. Such a law is now in effect in Kentucky. Judge Brown is now in St. Louis, and writing an answer to an invitation, with special inducements, he consented to come.

The coming of Judge Brown to Paducah is an event of importance as well as interest. Judge Lightfoot recognized this and has lent his earnest efforts with the Woman's club to secure him. The need of such work as he has done in Salt Lake City is being felt here today and is increasing with the city's growth.

BURGGLARS ENTER FOUNDRY
AND STEAL BICYCLE.

Burglars broke into the office of the Jackson Foundry and Machine company, corner First street and Kentucky avenue, some time last night, but investigation today developed only the loss of a bicycle. Entrance was made through a rear window and from the salesroom through a transom into the office. No effort was made to blow the safe in the office, but whether anything was taken from the stock is not known.

PADUCAH BALL PLAYER
MADE GOOD WITH BLOOMERS

Lee Hart, the Paducah baseball pitcher, is home again after playing the last several weeks of the season with the Boston Bloomer Girls baseball team. He made good, winning a majority of games he pitched. Hart liked the life and will doubtless appear with the team again next season unless he goes into league work.
